Girl scouting provides girls with an inclusive environment where they develop the skills needed to become our future leaders. It's a safe place for girls to grow and share new experiences, develop core values, and give back to the community.

Girl Scouting provides adult volunteers with a special experience as you learn, explore, and grow with your girl and her friends. Have fun being a kid again and spend valuable, meaningful time with your girl.

We invite girls and their adult chaperones to join us to learn more about Girl Scouting. Girls will experience Girl Scout fun by participating in activities while adults have fun learning more about the Girl Scout program, form new troops by grade level, and complete registration (GSUSA membership for girls and adult volunteers of \$25 per person is payable at the event. Financial assistance is available.)
