

213 SCHOOL BOARD COMMITTEES

I. PURPOSE

This policy governs the creation, structure, limitations, and operation of School Board committees.

II. GENERAL STATEMENT OF POLICY

As it deems appropriate, the School Board may establish standing committees and ad hoc committees to facilitate the operations of the district. The School Board may also abolish standing committees and ad hoc committee as it deems appropriate. All School Board committees, including standing committees, are purely advisory and have no decision-making authority, unless the School Board adopts a written resolution expressly delegating decision-making authority to the committee, including the power to actually transact business on behalf of the School Board. Committees will perform only those tasks that the School Board assigns to them.

III. ESTABLISHMENT OF COMMITTEES

A. The School Board hereby establishes the following standing committees:

1. Facilities
2. Curriculum
3. Audit/Finance
4. Policy Review
6. Personnel and Negotiations

B. The School Board may appoint board members to standing committees at the board's annual organizational meeting or at any other properly noticed meeting of the School Board. No more than three School Board members will be appointed to a standing committee, unless the School Board has adopted a written resolution expressly delegating decision-making authority to the standing committee.

C. The School Board may appoint board members to an ad hoc committee at any properly noticed meeting of the School Board. No more than two School Board members will be appointed to serve on an ad hoc committee, unless the School Board has adopted a written resolution expressly delegating decision-making

authority to the ad hoc committee.

IV. PROCEDURES FOR SCHOOL BOARD COMMITTEES

Standing committees and ad hoc committees are expected to make periodic reports and recommendations to the School Board. Such reports and recommendations will be made at properly noticed meetings of the School Board. Regular or special meetings at which the School Board considers the report or recommendations of a committee will be conducted in accordance with the Open Meeting Law.
