REPORT

In the 2016-17 school year, the primary goal of the Strategic Plan, *Together we are SoWashCo*, was to create a plan that focused on fewer objectives centered around our aspirations to personalize the educational experience for our students and enhance the climate and culture for staff and students. We will achieve the Personalization objective by engaging, motivating and empowering each student through personal instruction creating shared ownership of learning. We will achieve the Climate and Culture objective for our students and staff by ensuring safe, inclusive environments, and encouraging diverse perspectives through engagement, innovation, and creativity.

The purpose of tonight's discussion is to update you on the progress we have made implementing the 2019-20 personalization and climate/culture goals and priority statements for Year Four of *Together we are SoWashCo*.
