REPORT

The Alternative Teacher Pay for Performance (ATPPS) is a unique professional development program primarily funded through a state grant and funded through a local levy. The goal of the program is to increase student achievement by supporting the development of quality teachers through goal setting and targeted professional development.

With the increase in the levy, approved by the Board in December 2018, ATPPS and Teaching and Learning Services (TLS) are working collaboratively to strengthen the instructional coaching model through the increase of Student Achievement Specialists (SAS) positions.

Tim Bunnell, the District ATPPS Specialist, and Kelly Jansen, Director of Teaching and Learning, will provide an overview of the partnership.
