TOPIC/PURPOSE OF REPORT: Northeast Metro Career and Technical Center Program

REFERENCE TO POLICY/STRATEGIC PLAN: Strategic Plan Personalization Objective #1

RECOMMENDED BOARD ACTION: Information

DATE FOR BOARD ACTION: May 11, 2017

### REPORT

Each year we enroll approximately 250 students in the Metro 916 Career and Technical Center course offerings. Each year we send the largest number of students to the program of any metro school district. We are proud of our students accomplishments and proud to have the ability to offer these courses to our student in an effort to help ignite a passion for life-long learning as well as support their career aspirations.

Tonight we will highlight the program by inviting representative students enrolled at the Northeast Metro 916 Career & Technical Center to share their successes at the HOSA, (Health Occupations Students of America) and SkillsUSA state competition where a number of students qualified for the national competitions in June. Jill Stewart-Kellar, principal of the Northeast Metro 916 Career & Technical Center will accompany our students and will share about the competitive advantage South Washington County High School students gain in the 20 career and technical programs at 916 Career & Tech.
